

Dear Prof. Tatar,

We have completed our evaluation of your journal and have accepted it for coverage in the *Emerging Sources Citation Index (ESCI)*, a new collection of journals available on the *Web of Science* platform.

Coverage will begin with journal content published in 2017. However, because of other urgent processing priorities, it is not clear when the journal's content will appear in the database, but we expect it to be later this year.

Attached is a fact sheet describing the *Emerging Sources Citation Index* and its benefits.

If you have questions or would like additional information, please feel free to contact me.

Sincerely,
